

Meeting 2024

20 and 21 June 2024 – Bucharest, Romania

Picking the winners: How SAls select the “right” topic for evaluations and performance audits

Meeting Program and Practical Information

Target audience

This event is open to representatives of member and observer SAIs. Given the topic, it is especially informative for evaluators or performance auditors as well as practitioners in charge of topic identification and selection. Yet, SAIs are of course free to choose the members of their delegations.

Event format

We cherish discussion and exchange! We find it most suitable for the participants to have the chance to share their experience and receive feedback from their peers. That's why we plan for two days in Bucharest during which we organize input sessions of representatives from various countries.

During those two days, we will also hold our yearly member meeting, in which we address strategic and administrative aspects of the WGEPPP. We are looking forward to your feedback on our work as chair and especially to even more inspiring ideas!

Unlike in previous years, we will not be organizing the presentations in parallel, but one after the other, so that everyone can benefit from the contributions. This is in response to a suggestion you made after the last meetings.

Evening program 20 June 2024

On Thursday, there will be an evening program including dinner together. More information will follow soon.

Program 20 June 2024
